# Musical Performance Made Easy

A dedicated interactive course guides you through all the basics in 15 minutes. Keep practising for 2 weeks, you will be ready to hit the stage!

## Sound Like a Pro

With onboard tones sampled from top performers around the globe, R1 saves 10 or even 20 years of practice to achieve the vibe of a pro.

Suona patch recording scene. National first-class performer, director of Shanghai Musicians Association, Chenyun Hu.

# Sound Suppliers

With onboard tones sampled from top performers from around the world.

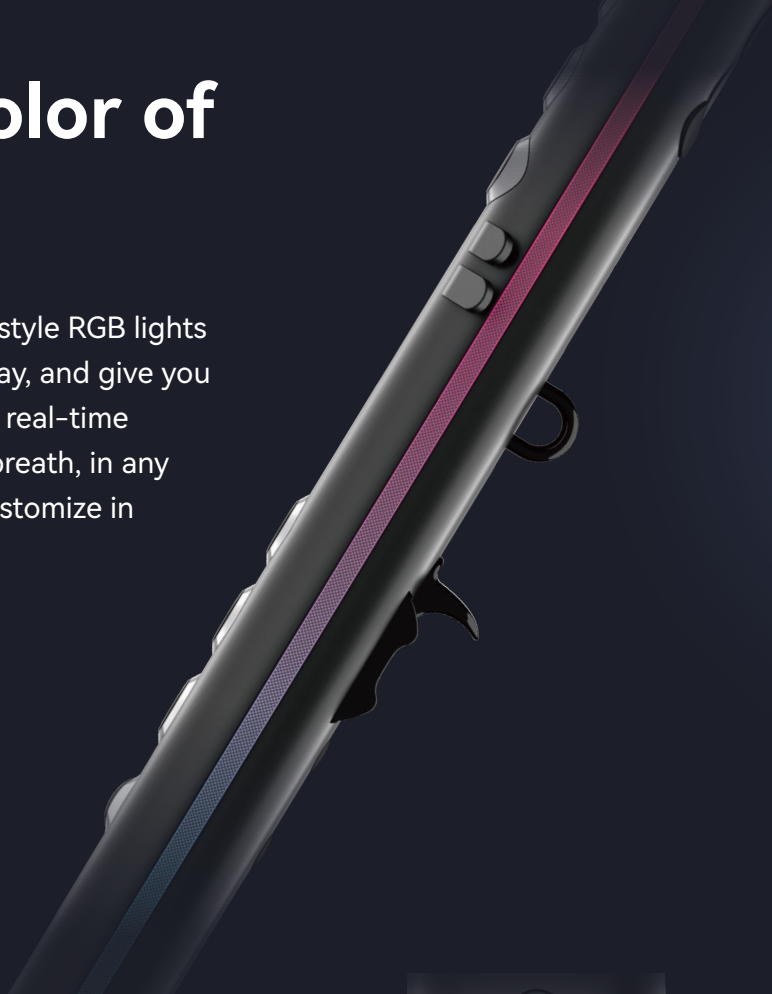

# Compatible with all DAWs

Wirelessly or cabled, while connected to an applicable device, R1 is a qualified MIDI controller that sends more than notes, but also breath control, portamento, program change, and so on.

# True Color of Music

The double cyber-style RGB lights respond to your play, and give you and your audience real-time reflection of your breath, in any color you want. Customize in our Jamkoo App.

## OLED Screen

A handy screen that shows useful status and helps you navigate even in the dark.

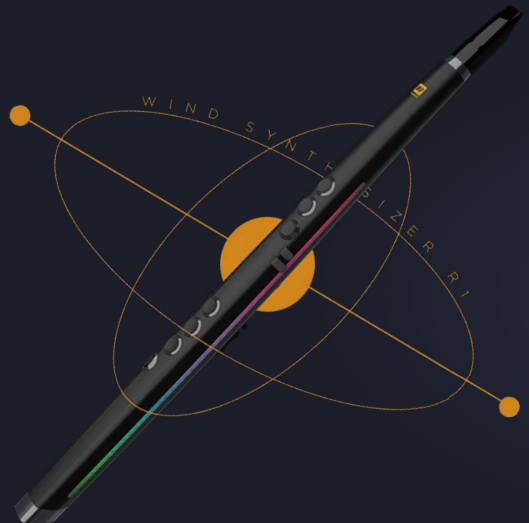

# Touch-sensing Performance Keys

Perform by touching the keys. Minimal noise and maximum durability.

## Shakes and Waves

Use motion control to spice up your tune! The built-in gyroscope lets you pitch bend, vibrato, and make creative crafts by simply lifting up.

# Add Fingerings as You Like

R1 includes saxophone, trumpet and tin whistle fingering modes. It can also save up to 20 custom fingerings. Nothing will get into your way of creating melody.

# User Patch Bank

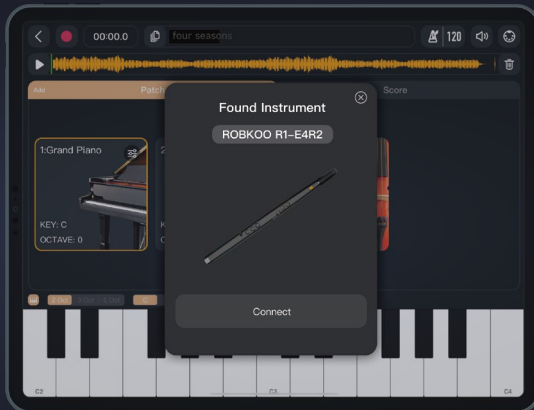

Create your own list of patches. Switch between any sound, key and octave in a flash for your stage performance.

# Access Full Experience

Made by Robkoo team, the beloved performance App, JamKoo, offers full support for R1.

# Tweak All Settings

When R1 is awake and nearby, it will be detected by JamKoo automatically. Connect wirelessly and you can have access to all settings of R1 on a much larger screen, on top of a dedicated dummy-proof course.
